PROFESSIONAL SUMMARY

- B.Tech Computer Science undergraduate (Class of 2028) at IIIT Pune (GPA: 8.61) with strong foundations in Data Structures, Algorithms, and core Computer Science subjects.
- Skilled in building full-stack web applications with the MERN stack, and Python-based Machine Learning and LLM-powered applications using FastAPI, Scikit-learn, and LangChain.
- Passionate about scalable software development, open source, agricultural technology, and applied ML / Generative AI.

EDUCATION

Degree / Exam	Institution	Year	Score
B.Tech, Computer Science and Engineering	Indian Institute of Information Technology (IIIT), Pune	Expected 2028	GPA: 8.61
Intermediate (Class XII)	Sri Vivekananda Junior College, Anantapur	2022 – 2024	97.6%
Class X (SSC)	Sri Chaitanya School, Anantapur	2022	95.83%

PROJECTS

SmartAgri – Smart Farming System

GitHub

React.js, FastAPI, Python, Scikit-learn, Pandas, OpenWeatherMap API

- Developed a full-stack AI-powered platform supporting Indian farmers with recommendations across pre-, during-, and post-cultivation stages.
- Implemented a location-based crop recommendation engine using ML models trained on soil and climate parameters.
- Built a real-time farm safety module with weather-based analytics and geofenced safe-zone tracking.
- Created a Government Schemes Hub that surfaces relevant subsidies and policies based on farmer profile and location.
- Designed an interactive React dashboard integrated with FastAPI services for live visualization and farm insights.

Campus Lost & Found Portal

GitHub | Live Demo

Full-Stack Web Application (deployed on Render)

- Built a web platform for students to report, search, and recover lost and found items across the campus in one central place.
- Designed a simple reporting flow so anyone can quickly post an item with its details, making it easy for owners to find belongings.
- Deployed live on Render for real campus use; under active development with more features planned.

AI Cold Email Generator

GitHub

Python, LangChain, Groq LLMs, ChromaDB, Streamlit

- Built an AI-powered B2B cold email generator for software, IT consulting, and staff augmentation companies using Groq LLMs.
- Automated extraction of job requirements from public careers pages using LangChain-based web scraping and structured parsing.
- Implemented semantic search with ChromaDB to match required skills against portfolio projects and attach the most relevant ones.
- Generated personalized, ready-to-send outreach emails through a clean Streamlit interface.

TECHNICAL SKILLS

Languages	C, C++, Python, Java, JavaScript, HTML, CSS
Frameworks & Libraries	React.js, Node.js, Express.js, FastAPI, Streamlit, Scikit-learn, Pandas, NumPy
AI / LLM	LangChain, Groq API, ChromaDB (Vector DB), Semantic Search, Prompt Engineering, NLP
Databases	MongoDB, MySQL, ChromaDB
Core CS	Object-Oriented Programming, Database Management Systems, Computer Networks, Operating Systems, Data Structures, Algorithms, Problem Solving
Tools & DevOps	Git, GitHub, VS Code, Vite, Docker, Render

ACHIEVEMENTS & OPEN SOURCE

- Solved **450+** Data Structures and Algorithms problems across LeetCode and GeeksforGeeks.
- Qualified **Smart India Hackathon** (Internal Round) and **Mumbai Hacks** through team-based problem solving and innovation.
- Open-source contributor to **GirlScript Summer of Code (GSSoC) 2026** and **Social Summer of Code (SSoC) 2026**, contributing bug fixes, feature enhancements, and code improvements.
- Achieved a 2-star rating on CodeChef.
- Completed a Udemy certification in Machine Learning.

EXTRACURRICULAR ACTIVITIES & CLUBS

Quantum Math Club – IIIT Pune | *Content Writer, Doubt Solver & Head of Social Media*

- Create and publish educational content on advanced mathematical and quantitative topics.
- Mentor peers by solving doubts in mathematics, logic, and algorithmic problem solving.
- Lead the club's social media department, managing its online presence and outreach.

Coding Clubs | *Active Member*

- Participate in competitive programming contests, hackathons, and collaborative technical projects.

LANGUAGES

English | Telugu | Hindi
